ANNUAL MEETING IN RECOGNITION OF OUTSTANDING INDIVIDUALS

iLen recently held its annual review and recognition meeting, this time via the cloud as the Delta and Omicron COVID-19 variants spread throughout China. The main venue was still in iLen's head office in Shenzhen, with employees of the Chengdu and Changsha branches joining remotely. Despite the change from a traditional in-person meeting to an online one, this year's annual meeting still generated a lot of excitement and an enthusiastic atmosphere. The brightly decorated main office in Shenzhen, exciting raffles, and homemade hot pot all contributed to the festive mood.

The annual meeting was also a chance to highlight iLen's outstanding individuals. For 2021, Anna from the Personnel and Administration Department, Sara and Keith from the Language Department, and Sally and Lucas from the Engineering Department emerged as "Outstanding Employees of the Year". In addition, Jodie and Nina from the Language Department and Sammi from the Project Management Department received the "Most Improved in 2021" awards. iLen's Operations Manager, Windy, highlighted their accomplishments and commended them.

"Loving the moment and looking to the future": 2022 marks the 20th anniversary of the founding of iLen. After strong growth for 20 years, we remain true to our original mission of specializing in localization while forging ahead with confidence. All our employees are motivated to follow the example of our outstanding individuals so that the future of the company continues to be bright.

CARING FOR CHILDREN AND SAFEGUARDING THEIR GROWTH

On International Children's Day on June 1, 2022, iLen sent holiday gifts to some less privileged primary and middle school students in Qingshanqiao Town, Changsha, Hunan Province. The gifts included school bags, stationery, lamps, footballs, table tennis,

clothes, rice cookers, electric fans and more. They were donated by our employees or purchased from the children's wish lists using iLen's special charity fund. To meet the children's needs as much as possible, we learned what each child needed beforehand by talking to local educators. We hope these children, who are temporarily facing challenging times for reasons beyond their control, will enjoy their gifts and have a happy Children's Day.

Caring for children in need is especially important at a time when life is hard for everyone with the COVID-19 pandemic still ongoing after more than two years. Although iLen is facing challenges due to the impact of the pandemic, we never forget to consider our country's children. We encourage our employees to safeguard our children's growth through practical actions as we believe every child deserves a worry-free childhood.
