Testimonials

The client's validator writes back: "I also need to thank you and your team about the very efficient and high quality translation work for the CN version of the documents."

So thank you to your team for your hard work!

-- Mary, MediLingua

You did an amazing job throughout the 7 months the project lasted. It was a project technically complex with a big amount of videos, audios and animations and you were able to face all challenges with professionalism.

We feel really lucky for being able to work with such a committed vendor.

-- Andrés, AMPLEXOR

I just wanted to forward the client's comment to you: The Chinese reviewer has told me that no changes are needed to the data manager manual. Good work on the part of the translators :-)

-- Heike, ADAPT

I want to thank you for your amazing job on this project (as usual)!! When we review EOCs in other languages, we usually end up having +100 comments regarding missing bold type, italics, underline, hidden text, etc, but yours is not the case.

You are the best!

-- Paula, CQfluency

Team Corner

Seaside Team Building

In October 2016 colleagues from iLen Shenzhen headquarters, and Chengdu and Changsha branches flew to Sanya for a memorable team-building trip by the seaside. It was the first time that colleagues from all three locations have met since our Changsha branch was set up earlier this year.

In Sanya, we explored the famous scenic spots and picturesque Xi Island and Wuzhizhou Island. Sanya Bay has it all-an azure sea, white-sand beaches, warm breezes, and endless coconut trees-and attracts millions of tourists every year from all over the world. Needless to say, we had a great time among all this beauty.

To make everything run smoothly, we started preparing for the trip early and many colleagues played an active role in the planning. Thanks to their help, we had a fantastic vacation in Sanya. Taking time off helped us to unwind and recharge. We are now back at work with a stronger team and greater enthusiasm for taking our company to new heights.
