## Free Covid-19 vaccinations for all, helping iLen to maintain business as usual

The calm of Guangdong Province was broken by new Covid-19 cases in May 2021. All affected cities, such as Guangzhou and Shenzhen, moved quickly. Medical care staff, police, volunteers, government staff and ordinary people worked together to prevent the spread of the new virus variant. A new epidemic was declared, but there was already extensive experience in fighting it. Except for a few medium- and high-risk areas that are under government control and management, most people's lives and travel freedoms are basically the same as before, as are production and the economy.

iLen's head office in Shenzhen and its branches in Chengdu and Changsha are operating normally. Even though there are new cases and local outbreaks, it's business as usual for iLen Shenzhen. We are confident that with the support we are receiving from the government, this new epidemic can be

controlled without fear or worry. iLen Shenzhen employees responded to the government's request to receive free COVID-19 vaccines and participated in several rounds of free nucleic acid tests while continuing to work normally. We are taking responsibility for ourselves and others.

iLen is committed to ensuring our employees' safety, while continuing to work and provide our usual efficient service. At the end of May, we organized a public benefit donation event as scheduled. In early June, iLen passed the ISO9001 annual audit again, further demonstrating the company's continual improvement initiatives. We believe that all sectors of society will work together to fight the epidemic, helping us to defeat the virus as soon as possible and protect our beautiful homeland. We hope all our clients and their loved ones are staying safe and healthy too!

## Donations on Children's Day for happy childhoods

On Children's Day 2021, iLen entrusted volunteers in Guizhou to send holiday gifts to 160 children in Huangguoshu Teaching Point, Houchang Town, Shuicheng District, Liupanshui City, Guizhou Province, to celebrate Children's Day. These holiday gifts included sports equipment and school supplies, such as footballs, table tennis, badminton, pencil cases, and watercolor pens, which were all sorely needed by the school's children. Because of the epidemic and geographical distance of more than 1,000 kilometers, we were unable to visit in

person and have close contact with the children. But we could see their joy and happiness from the photos. iLen has always been committed to being a caring enterprise. We have continually used public benefit funds to carry out different activities and give back to society over the years. In addition, we also encourage our employees to actively participate in every activity and come together to help more people in need. In the future, iLen will continue to uphold its fine traditions and inject positive energy into society.
