

“ My colleagues and I in the UK have been hugely impressed by the range of specialist localization skills and professionalism of the iLen team. Quality, capacity and flexibility are crucial to the relationships we have with our global customers, and our partner relationship with iLen has added significantly in all areas. Daljit and Sinan learnt a great deal from the team during their recent visit to the iLen offices and were made to feel very welcome. -- Paul, CEO ”

CLOSE COOPERATION FOR EXCELLENT RESULTS

During the three days of training, we introduced our range of services, business processes, quality control measures, MadCap Flare project case studies and also demonstrated a Flash localization project evaluation process. Daljit and Sinan introduced their company's future business plans and answered questions about our projects. They also provided on-site technical support. Throughout this knowledge exchange visit, our client gained a better understanding of our services and business capacity, while we learned a lot about their technical support. This visit laid a solid foundation for our future business development and cooperation.

We would like to thank Daljit and Sinan for coming a long way to visit us. It was an extremely valuable trip and it strengthens our belief that close cooperation produces excellent results for both parties. We know that focusing on high-quality services attracts high-quality clients. We would like to invite more clients to come and visit iLen so we can all learn from each other!

On August 10th, 2015, at iLen's headquarters in Shenzhen, we gave a warm welcome to two guests from one of our British clients. Daljit, a Localization Engineering Manager and Sinan, a Senior Localization Engineer, visited us for a three-day training exchange.

This client is mainly focused on technical writing and localization of software, websites and multimedia courseware. We have worked with this client on Articulate Studio, Storyline, Captivate and other multi-language localization projects in the past 8 months. With quick response times, timely delivery, attention to detail, asking the right questions and reliable quality, we won their trust and have expanded our cooperation into the translation field.

Testimonials

Taking this opportunity, me and Katarzyna would like to thank you very much for the job you are doing for our client. During the recent call, the client told us that they (the Chinese in-country reviewer in particular) are very happy with your translations. The style and terminology is super. Thank you once again!

-- Monika, ARGOS MULTILINGUAL

The US-CH text for the US Product Brochure has been approved with no QA changes. EXCELLENT WORK!!!!

-- Bin Liu, Acumen TransMedia Services

The client's CH partner, go over the translation and said that it was very good, so Thank you.

-- Rotem, Lichi Translations

Team Corner

Top Chef Competition

iLen's Top Chef Competition ended on July 27 with Windy, Robin and Jacky taking the prize of Top Chef from Terrie, who was last year's Top Chef. The event was also held simultaneously in our Chengdu branch this year and the winners of that competition were Icey, Max and Heather.

The annual Top Chef Competition is a cooking contest where colleagues bring their best dishes and food to share with others. Votes are then cast for everyone's favorite dishes. The food may not be quite up to the quality found in fine-dining establishments, but there were still some very impressive creations... and appetites!
